

# Kama City has established the “General Consultation Desk for Foreign Residents.”

This consultation desk is available for:

- Foreign residents living in Kama City
- Japanese residents who live in communities with foreign residents
- Companies that employ foreign workers

You can consult us about problems or questions related to daily life, such as work, jobs, and housing.

This service is free of charge. It is okay if your Japanese is not very good. We will speak slowly. (We use a translation app when needed.)

※ Depending on the content of your consultation, we may work together with the prefectural “FUKUOKA IS OPEN Center.”

## ● Consultation Day

The consultation is held on the third Tuesday of every month.

※ An advance **reservation is required** to receive a consultation.

Please make a reservation at least 7 days before the consultation date. Reservations are accepted by email, telephone, at the counter, or via the web form.

## ● Consultation Hours
